

# 50-00.001 Cricketfilter® Cloths

## DRAIN CLOTHS

Amafilter® have developed a Cricketfilter® cloth range that delivers efficient filtration solutions across a variety of applications. Our range of drain cloths are designed to perform with various liquids at varying temperatures and offer the most suitable chemical inertia.

The drain cloth maximizes the flux capacity and extends the lifetime of the Cricketfilter® element top cloth.

### FEATURES

- No seam (round weave) - no breaks. This brings downtime to a minimum.
- Optimized weave, making the best throughput – cost ratio.
- Packed in labelled plastic bags to prevent the cloths from contamination.
- Labelled plastic bags to identify the drain cloths.

### APPROVALS

Approved according to FDA, declaration of conformity available on request.

### RECOMMENDATIONS

Use in combination with top cloth 50-XX.XXX.

**Wash the filter cloth before use.**

### SPECIFICATIONS

| Criteria  | Detail       |
|---|--------------|
| Cloth code  | 50-00.001    |
| Cloth use   | Drain cloth  |
| Material  | PPS          |
| Cloth structure                                   | Monofilament |
| Surface treatment                                 | Untreated    |
| Filter fineness (µm)                              | 375 x 415    |
| Air permeability (l/dm <sup>2</sup> /min) @200 Pa | -            |
| Max. Temp. (°C)                                   | 250          |

### ORDERING INFORMATION

| Element Type | Length | Ordering Code |
|--------------|--------|---------------|
| Type I       | 620    | -             |
|              | 750    | -             |
|              | 1000   | 72482285      |
|              | 1500   | 72463630      |
|              | 2000   | -             |
| Type II      | 1000   | -             |
|              | 1500   | 72415751      |
|              | 2000   | 72415752      |
|              | 2500   | 72460646      |
